

Hirohisa Hirukawa's CV

Hirohisa Hirukawa, Ph.D.

Leader of Humanoid Robotics Group

Deputy Director of Intelligent Systems Institute

National Institute of Advanced Industrial Science and Technology

He received Ph.D. from Kobe University, Kobe, Japan in 1987, and joined Electrotechnical Laboratory, AIST, METI in 1987. He was a visiting scholar at Stanford University, CA, USA, from 1994 to 1995. He has served as the leader of Humanoid Robotics Group, AIST since 2001, which developed humanoid robot HRP-2 and software platform for humanoid robotics OpenHRP. HRP-2 was the first human-size humanoid robot that can lie down and get up, and used to examine several applications of humanoid robots. His research interests include humanoid robotics and motion planning.
